90s Nostalgia - Inspiration

The 90s was a decade marked by the rise of local snack brands, iconic drinks, and a strong sense of community in the HDB heartlands. The minimart storefront concept brings to life the visual and sensory experience of visiting a local convenience store — the iconic places where Singaporeans of the 90s would stop by for a snack or a drink.

Concept

The objective is to bridge the gap between the past and the present by invoking the comfort of childhood memories while offering a unique, modern drinking experience. By fusing traditional local ingredients with inventive mixology techniques, the bar program will evoke a sense of nostalgia, while delivering a sophisticated and creative cocktail menu that appeals to both general patrons and cocktail enthusiasts alike. Each cocktail is designed to spark memories of the 90s and invite customers into a world of flavors that are both familiar and innovative.
