Just like our food menu, our wine list contains a decent variety of wines from some of the well-known wine growing regions made from their indigenous wine grapes. Some wines are well known and some are rather mysterious wines for you to unlock and explore.

Take an extra minute to feel through our wine list. To help you navigate through the list, our team of Wine Members will be there to always assist. We certainly hope you will enjoy the experience of our wines and food!

### Le Pristine Wine Glasses

Most will take the norm direction when choosing wine glasses. We have decided to take another.

Our wine glasses is a collaboration of our chef Sergio Herman and Serax, a brand celebrated for its innovative and artistic tableware.

These glasses blend elegance with functionality, offering a perfect balance between form and taste experience.

The unique design enhances the bouquet and flavour profile of every wine, making each sip a memorable moment.
