

THE CARPENTERS BAR

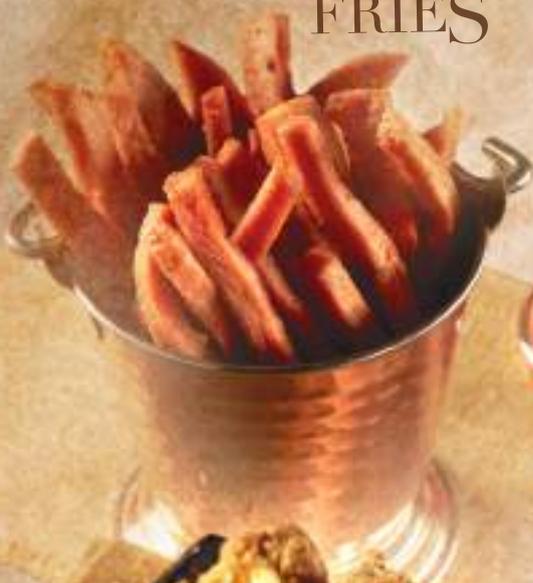

Established in December 2018, The Carpenters Bar is your classic roadhouse tavern located in the northernmost part of Singapore, in a rural industrial estate, almost becoming more of a speakeasy than a bistro. Prominently along Admiralty Road West, with a secluded entrance via Woodlands Sector 2, we have sent our patrons through a wild maze before reaching us. Well, that's all part of the adventure!

Come in and immerse yourself in the rough-and-tumble vibes of travel dating back to as early as the 1900s, when roadhouses were synonymous with road trips to provide everyone with big, hearty meals, good music, and casual laid-back rustic aesthetics.

Almost everybody knows everybody here, and you know it's 'home' with the familiar mingling and socialising for knocking back pints or over a game of pool. Your watering hole just got better. So, bring your whole family – and your pets too – to join in the fun!
